Roleystone Community College Information Apps

Digital Newsletter Subscription

Roleystone Community College has a digital newsletter that is published three times a term.

This is used to celebrate student, teacher, staff and community achievements as well as informing the school community of event/information that are up coming within the school.

If you would like to subscribe to the newsletter follow this link:

College APP

Parents and Caregivers can also keep up to date with information and news from the College by using our College APP, which you can access through the APP store on your mobile device, by searching for Schoolzine App.

The app links to the school events calendar, current newsletter, RCC website, frequently used forms and allows parents to send in their child's absentees.

Connect

Connect is an integrated online environment developed by the Department of Education WA for staff, students and parents in public schools.

Parents of all children within the college are able to use Connect to get information and updates directly from the teachers of their children, and also have an interface to send messages directly back to the teacher. Please note however, we would expect teachers to respond within a reasonable period of time (usually about 24 hours).

Parents of all children will be able to see an up to date overview of their child's attendance at the college.

You will also have from this time onwards, an archive of all of your child's school reports. This will be the only method of report distribution.
